Energy Safety Awards 2026

We are delighted to announce the Energy Safety Awards 2026, the newly refreshed awards celebrating safety leadership, culture and performance across the energy sector.

Jointly organised by Step Change in Safety and Offshore Energies UK, this flagship event recognises the individuals, teams and organisations going above and beyond to improve safety performance and protect people working across the industry.

Formerly known as the Offshore Safety Awards, the updated name reflects the evolving energy landscape and ensures the awards remain relevant, inclusive and future-focused, while keeping safety firmly at the heart of the event.

From frontline safety representatives and innovative wellbeing initiatives to workforce engagement and hazard awareness, the Energy Safety Awards shine a spotlight on those making worksites safer every day.

2025 feedback and comments

All very engaging. Particularly enjoyed the talk by Kevin Clark (very moving and impactful) and the story telling of Sally Kettle.

Really good event with some fantastic nominations, great to see some new categories too. As always a great chance to learn from others and network with likeminded H&S professionals

Thanks for the opportunity to sponsor the Workforce Engagement award. We were delighted to take part in such a successful event.

I thought I should recognise how well run and interesting a day yesterday was, we are quick to criticise but not quick to praise so well done to all of you I thought it was an excellent event.

We are delighted to invite your company to become a valued sponsor of the Energy Safety Awards 2026.

- Raise your company profile at this highly prestigious event with over 300 industry professionals.
- Celebrate the dedication, innovation, and life-saving efforts of those making energy workplaces safer.
- Hear real stories of commitment and breakthrough safety advancements that are shaping the future.
- Connect with frontline workers, safety professionals, and senior leaders who are driving positive change.
- Support an event that puts safety at the forefront of the energy industry.
- Show your commitment to a safer energy industry future.
